AHOM-RMC | Executive Summary

About Us

AHOM™ Relocation Management Company (AHOM-RMC) is Canada's woman-led, WBE-certified relocation firm. We specialize in housing-first newcomer support, helping families move from *arriving* to *thriving*.

What We Do

Through our Canadian Newcomer Adjustment Program (CNAP), we deliver:

- Rapid housing placements (<45 days from intake)
- Employment and entrepreneurship referrals
- Community and intercultural orientation
- Settlement tools (checklists, guides, and digital intake forms)

Why We Do It

Because settlement without housing is impossible. Without housing, there is no anchor. Without an anchor, there is no belonging. Canada's diversity is its strength — but belonging cannot be scripted. It must be built together.

How We Do It

We developed the **AHOM Hierarchy of Belonging** — a proven framework guiding newcomers from safety and stability → connection → participation → empowerment and leadership. Every partnership, workshop, and housing placement is mapped to this hierarchy, ensuring measurable impact.

What You Do

This is where you come in. As a sponsor or partner, you:

- Anchor newcomers with housing, security, and opportunity.
- Amplify your brand as a champion of equity, diversity, and belonging.
- Join a national network committed to innovation, measurable outcomes, and human impact.

Your sponsorship = housing, jobs, and belonging for newcomers.

WHO ARE WE?

Sponsor With Purpose: Belonging & Empowerment

AHOM-RMC is a woman-led Canadian relocation and newcomer support agency, dedicated to empowering individuals and families as they build new lives in inclusive local communities. Our programs, especially the Canadian Newcomer Adjustment Program (CNAP), tackle settlement barriers and unleash newcomer potential from “arriving” to “thriving”

This package invites sponsors to invest in measurable impact, innovation, and belonging.

- HOUSING FIRST

In Canada... We believe diversity is in our strength, but we cannot truly harness the power of diversity without addressing the issue of Stability.

Housing is Stability.

Without Housing there is **NO** Settlement.

Without Settlement, there is **NO** anchor, Where is no anchor... There is **NO** belonging.

Where there is no Belonging...there is **NO** thriving

Every AHOM initiative is built on equity and representation, with programming designed by and for racialized, refugee, and underrepresented newcomer groups—including women, people with disabilities, and Indigenous and LGBTQ+ clients.

AHOM partners with local leaders and offers trauma-informed, culturally fluent support.

Diversity becomes Equality and Belonging when it begins with Stability.

Our Mission & Vision

We exist to make relocation human—and settlement possible. AHOM-RMC empowers newcomers with practical tools, a caring network, and opportunities for success. Our work is rooted in a hierarchy of belonging:

1. Access & Safety: Secure housing, food, financial basics, trusted guidance.
2. Connection: Social ties, peer support, mentorship, local integration.
3. Empowerment: Career success, leadership, and voice in community life which is the very definition of Thriving.

WHAT WE DO

The Hierarchy of Belonging

We believe true settlement goes beyond paperwork—it starts with meeting critical needs and grows into lasting empowerment:

- **Access and Security:** Every newcomer deserves a safe home, financial stability, and clear, reliable information from day one.
- **Social Connection:** CNAP builds caring networks, mentorship, local partnerships, and practical daily support.
- **Empowerment:** We champion newcomers' economic independence, leadership, and community participation.

The AHOM Hierarchy of Belonging

- **Step One: Safety & Stability**
- Every newcomer's journey begins with access to secure, affordable housing, clear information, and basic essentials.
- **Step Two: Social Connection**
- We facilitate meaningful connections—mentoring, local partnerships, and peer gatherings—so newcomers aren't just housed, but welcomed.
- **Step Three: Inclusion and Growth**
- New Canadians are empowered with employment support, language training, and the confidence to thrive and contribute.

WHY WE DO

AHOM™ RMC exists to transform the newcomer experience from “arriving” to “thriving.” Sponsorship means investing in our Hierarchy of Belonging, a proven approach that starts with meeting critical needs—safe housing, information, and connection—and grows into the empowerment of every newcomer as a confident, contributing member of their community

Diversity, Equity and Empowerment: Our Promise

We serve and center the most diverse newcomer population in Canada—including racialized communities, immigrants with disabilities, women, children, and refugees.

- Our team members reflect our community, providing support that is culturally humble, trauma-aware, and multilingual.
- AHOM-RMC supports leadership and entrepreneurship tracks, so newcomers become contributors and champions in Canadian society.
- We lead with an anti-racist, inclusive lens: our collaborations, staff, and programming are designed for equity and participation at every level.
